

Hose Reels for Oil, Medium Pressure, Crank Reels

TRUE BLUE Hose Reels for Oil

- Hose Reels Better by Design!
- Steel stamped guide arm is reinforced to reduce bending due to angular pull.
- Adjustable guide arm allows multiple guide arm positions and easy field adjustments.
- Corrosion-Resistant steel components are individually powder coated.
- Long Life Drive Spring. Declutching arbor virtually eliminates possibility of spring damage due to reverse winding of reel spool.
- Structural Strength. Welded heavy gauge steel frame includes dramatically flanged edges and stiffening ribs for lighter weight, yet stronger components for ease of handling and installation.
